Articles not enumerated in the prohibition list under the Proclamations mentioned above may be imported from the said ports after disinfection, if considered necessary, by the Sanitary Authorities.

Cattle, alive, from Indian ports shall be allowed to be landed on production of a certificate from the Civil Veterinary Department of India stating:—

- (a) That each animal comes from a District which has been free from infectious diseases for six months previous to the shipment.

- (b) That each animal has, before shipment, been inoculated with Rinderpest anti-serum, if obtained from a district where Rinderpest has ever occurred, or shipped from a port at which Rinderpest exists at time of shipment.

- (c) That each animal has been subjected to the tuberculin test with a favourable result.

- (d) That each animal was, at time of embarkation, free from contagious or infectious diseases and from animal parasites.

The cattle shall on landing be quarantined under Veterinary supervision for a period of one month in a place and under conditions approved by the Director of the Health Department, should he consider such a course desirable.

*Proclamations Nos. 61 of 1905 and 29 of 1907*

Same restrictions as above enumerated regarding importations from Natal, Basutoland, Cape Colony, Delagoa Bay, and Beira. Old books and newspapers from these places can only be landed with the approval of the Governor.

*Proclamation No. 32 of 1913*

Horses, asses or mules from South Africa shall be allowed to be landed on production of a certificate from a Veterinary Surgeon at the port of embarkation stating that each animal has, within 10 days of the shipment, been subjected to the mallein test with a favourable result, and that the animal is free from contagious or infectious disease. The animal must besides have passed before embarkation, or must undergo on arrival a sufficient number of days in quarantine to make a total of fourteen days,—the quarantine on arrival to be carried out in a place and under conditions approved by the Director of the Health Department. No animal shall be allowed to land until it is proved to the satisfaction of the Director that it has not suffered from equine piroplasmis (biliary fever).

*Proclamation No. 81 of 1913*

Sugar canes or cuttings thereof, living plants or bulbils of Agave or Fourcraea, tea plants, may not be introduced unless written permission has previously been obtained from the Director of Agriculture.

Sugar canes or cuttings thereof; live plants of all sorts, including roots, tubers, cuttings, grafts and buds; fresh citrus fruits, except from the Dependencies, will be inspected at the port of entry.

*Proclamation No. 55 of 1915*

The importation into Mauritius from any country or place whatever, including the Dependencies of Mauritius, of serpents and mongooses, except when introduced for theatrical purposes with the permission of the Governor, and of all living insects, except such as may be required by Government for scientific purposes, is absolutely prohibited.

*Proclamation No. 57 of 1919*

The importation into Mauritius, except under a special license to be granted by the Governor, of the following dyestuffs, when produced or manufactured outside the British Empire, is prohibited:—

- (a) All derivatives of coal tar generally known as intermediate products capable of being used or adapted for use as dyestuffs, or of being modified or further manufactured into dyestuffs.
- (b) All direct cotton colours, all union colours, all acid colours, all chrome and mordant colours, all alizarine colours, all basic colours, all sulphide colours, all vat colours (including synthetic indigo), all oil, spirit, and wax colours, all lake colours, and any other synthetic colours, dyes, stains, colour acids, colour lakes, leuco acids, leuco bases, whether in paste, powder, solution or any other form.

☛ If any goods are imported or brought into Mauritius contrary to any of the prohibitions or restrictions mentioned in the above table the same shall be forfeited.

## RAILWAY TARIFFS.—(Continued)

## CORPSES

Corpses are transported in ordinary Goods trucks at the rate of 75 cents per mile with 1 Rupee for loading and unloading if done by the Railway. If a Brake Van is used, an extra charge of 5 Rupees will be made. If the 2nd class funeral car is used, an extra charge of 10 Rupees will be made. Persons taking seats in the car will pay second class fares. If the 1st class funeral car is used, the extra charge will be Rs. 15 and persons travelling in it will pay 1st class fares.

The body of a child not exceeding one year of age may be conveyed in a reserved compartment at the rate of 40 cents per mile without any charge for loading and unloading.

## CARRIAGES

For the conveyance of each carriage not exceeding in weight 1,000 kilos, a toll of 50 cents per mile, and a further toll of 10 cents per mile for every additional 250 kilos or fraction of 250 kilos in the weight of the said carriage will be claimed. There shall moreover be charged for each such carriage 1 Rupee for loading and 1 Rupee for unloading, provided that in no case shall a lesser sum than 5 Rupees, including the price of loading and unloading, be charged for the conveyance of each carriage.

## MOTOR CARS

The rates for the conveyance of Motor Cars are the same as for Carriages.

## RICKSHAWS

The rate for Rickshaws is 10 cents per mile, the minimum charge being R. 1.

## BICYCLES

The rate is 25 cents over any distance provided the passenger travels with the bicycle; otherwise the charge is 50 cents over any distance.

Contract ticket holders may enjoy the privilege of contract tickets for the transport of their bicycle, tricycle, perambulator or invalid's chair by rail on the following conditions:—

For the 1st 10 miles, 50 cents per mile; not less than 6 miles to be charged for.

For the second ten miles, 25 cents per mile.

For all further distances above 20 miles, 10 cents per mile.

Thus, if the contract ticket is for a distance of 5 miles, the charge shall be ... Rs 3.00

For a distance of 8 miles, the charge shall be 4.00

do. 13 " " 5.75

do. 24 " " 7.90

Bicycle contract tickets shall be paid monthly and in advance at the abovementioned rates.

They may be taken out and made available for the stations between which the contract ticket holder travels or for a shorter distance between the same stations, but not for a longer distance.

They will be available by any passenger train between those stations for up and down journeys.

The passenger shall, each time he has to travel with his bicycle, produce to the guard of the train his bicycle contract ticket, failing which the bicycle shall not be accepted by the guard except on payment of the fare under article 29 of the Bye-Laws as to parcels.

The Railway Department shall not be responsible for the loss of bicycles or damage to bicycles whilst in charge of the Department, unless it can be proved by the owner of the bicycle that the loss or damage is due to the Railway Department.

All bicycles carried under this Bye-Law shall be legibly addressed and the owner shall personally attend the Brake-Van for the loading and unloading of same.

Bicycle contract tickets are not transferable and shall only be issued as available from the 5th of one month to the 4th of the following month.

They may be issued at any period of the month up to the 4th of the following month but at the full cost of the ticket for one month.

A contract ticket lost by the holder can be re-issued on payment of a fine not exceeding Rs. 2.50 to be recovered by the General Manager of Railways.

All expired contract tickets shall be returned to the Railway Department. If not returned the holder shall be liable to the fine aforementioned.

Any breach of the clauses of this Bye-Law will render the contravener liable to a fine not exceeding Rs. 20.

## SPECIAL TRAINS

The rates for special trains are as follows:

Between 6 a.m. and 6 p.m.

For trains composed of one Brake-Van and not more than two carriages. Rs. 4 per mile

For trains composed of one Brake-Van and more than two, but not more than six carriages: Rs. 6 per mile.

For trains composed of one Brake-Van and more than six carriages, for each carriage above six, an extra charge shall be made equal to one-sixth of the rate charged for a train of one Brake-Van and six carriages.

"Carriages" include trucks and extra Brake-Vans.

Between 6 p.m. and 6 a.m.

If run after 6 p.m. an additional charge shall be paid of 10% per hour or fraction of an hour that the train is run after 6 p.m. provided that the extra charge shall in no case exceed 50% exclusive of detention fee that may be due.

The charge is the same for a single as for a return journey.

The minimum distance to be charged for is 12 miles.

If the distance is over 16 miles the number of miles above 16 and up to 32 is to be charged for at three quarter rates. Above 32 miles half rates only are to be charged.

If the special train is to start from a station to and from which an engine or carriages have to be run light, for the special purpose of working the special train, three-quarters of the distance travelled light to the nearest full mile will be added to the mileage of the special train for the purpose of calculating its cost.

If a return train is delayed over 3 hours at a terminal station, Rs. 7.50 shall be charged for each hour in excess of the 3 hours for over-detention.

If the special train is advertized, the cost of the notices in the newspapers shall be charged in addition to the cost of the train.

The cost of the train is to be paid, or sufficiently guaranteed, in advance.

Special trains for coolies will be run at the same rate as above, but, if open goods wagons are used for their conveyance, and the Estate on which they work uses the Railway for the whole of its Traffic, a reduction of 25% will be made.

Special trains may be run in two ways:—

1. The Railway Department issues tickets in the ordinary way, either at full fares or at such reduced fares as the hirers of the trains may direct, and the person for whom the train is run pays only the difference, if any, between the earnings of the train and the cost of the train.

2. Special tickets are issued by the Railway Department, and no ticket but those issued are valid. Any person found travelling with a ticket other than the kind specially issued shall be held as travelling without a ticket and dealt with according to the Bye-Laws.

Not more than 10 persons are allowed to travel in one compartment.

Contract and official tickets are not available for special trains.

Industrial Contract Tickets issued between Central and out Stations confer a right to travel solely by the Industrial Train and by no higher class than that for which they are issued. If a holder chooses to travel by another train in a higher class than he contracts for, he must pay the ordinary fare (as if his Industrial Ticket had no existence) and if by another train in the same class as that of his contract ticket, 1/3 of the ordinary fare from the station from which his contract ticket starts.

The term "Industrial Train" is confined strictly to that ordinary Passenger train which is due first to arrive from the country each week-day morning at Port Louis, and to that ordinary Passenger train which is notified to leave Port Louis last at night.

Industrial Contract Tickets are also issued entitling the holders to travel between Intermediate Stations only and by the first available passenger train in one direction and by the last available passenger train between the Stations for which they are booked.

## CLASSIFICATION OF GOODS

## 1ST CLASS

The Goods in this Class are to be loaded and unloaded exclusively by the owners, and carried in quantities of not less than five tons, otherwise, to be chargeable at 2nd Class rates, or as for five tons at 1st Class rates whichever amounts to less. A reduction of 25% on the usual tariff rates is allowed on any sum in excess of Rs. 1,000 to every person sending 1st Class goods between the 1st February and the 31st August. The reduction will be made to the person, whether sender or consignee, who pays for the transport.

In the case of large consignments of 1st Class goods requiring more than one wagon, a minimum charge as for

\* The same scale of charges applies for equal mileage between intermediate Stations.

## CLASSIFICATION OF GOODS.—(Continued.)

two-thirds the capacity of the wagon marked on it will be made. Above two-thirds the capacity of the wagon the actual weight found will be charged.

In case the wagon is loaded to its full capacity, a rebate of 5% will be granted on the rates. Provided that if the wagon is fully loaded with the goods, but through the nature of the goods a full load does not weigh as much as two-thirds the loading capacity of the wagon then only the weight of the goods which the wagon can contain will be charged for.

NOTE—The term "provisions" for which special rates are made to some Stations, is to include all articles, except machinery, furniture and dangerous goods, carried from Port Louis to the Estates for Planters whose sugar is brought to Port Louis by Railway (whether they have a factory or not), provided they are sent in lots of not less than 5 tons; otherwise they will be chargeable according to this classification or as 5 tons at provision rates, whichever amounts to less.

Shopkeepers' goods will also be carried at "provisions" rates if in consignments of at least 5 tons; smaller consignments than 5 tons will be charged as 5 tons or according to ordinary classification whichever will amount to less.

Shopkeepers' goods, as hereinunder specified will be carried as "provisions" at the Class 2 rates Schedule B of the Consolidated Railway By-Laws 1914 if in consignments of not less than 6 tons.

Smaller consignments than 6 tons will be subject to classification rates for each description of article despatched or will be charged as 6 tons at Class 2 rate at the option of the consignor.

(b) The term "Provisions" under this Article will comprise only the following:

Cereals	Glassware	Rum
Coir Cord	Grocery	Salt
Cokernuts	Haberdashery	Salt Fish
Crockery	Iron-mongery	Sugar
Drapery	Oil	Tin Ware
Earthenware	Paper and Stationery	Tobacco
Flour	Petroleum (not motor spirit)	'Vin ordinaire'

Provided that Crockery, Earthenware and Glassware will be accepted at owners' entire risk.

## CLASSIFICATION OF GOODS.—(Continued)

(c) Articles not mentioned in paragraph (b) hereof, which are included in Classes 2, 3, 4 and 5 Schedule A. of the Consolidated Railway Bye-Laws 1914 will be subject in all cases to the classification rate appertaining thereto, and must be separately and specifically detailed upon the Consignment note.

(d) Shopkeepers availing themselves of this special "Provisions Rate" will, upon giving at least 24 hours notice to the Railway Department, be provided with a wagon exclusively for the loading and despatch of any consignment of not less than 10 tons, and in such cases a consignment note for "SO MANY TONS OF PROVISIONS MINIMUM 10 TONS" will be accepted and a receipt given accordingly but with the following reservation, i.e. "details unknown." Such wagon upon completion will be padlocked by the consignor and will afterwards be sealed with a Railway seal in his presence.

(e) The responsibility of the Railway will be limited in the case of such consignments as follows:—

1.—If the wagon is delivered to the consignee in good condition and with seal and padlock in good condition, the responsibility of the Railway will cease.

2.—If the seal or padlock or both are found to have been tampered with when the consignee comes to take delivery of the wagon, the wagon, if the consignee so desires, will be reweighed at the expense of the Railway Department and if the weight found is less than that originally found, and if the consignee in taking delivery of his goods finds some missing, the Railway will be responsible for weight found short and at a rate not exceeding Rs. 500 per ton.

3.—If, on taking delivery goods are found damaged or broken, the Railway will not be responsible for the goods damaged, or broken UNLESS and with the exception of Glassware, Crockery, and Earthenware, it is satisfactorily proved that the wagon had undergone an accident between the time of loading and the time of delivery; ordinary rough shunting not being reckoned as an accident.

4.—In cases where the unloading of the goods at destination begun on one day, is not completed the same day the Railway department will not resume responsibility for the wagon or its contents unless the remaining articles in the wagon are handed over in detail by consignee to a Railway officer and the wagon, after being locked by consignee with his own lock, is sealed and locked, also in his presence with a Railway lock and seal.

(f) It will be permissible for two or more shopkeepers to use the same wagon to obtain the minimum load necessary to secure its exclusive use, but in such cases one consignment note only will be accepted by the Railway Department for the wagon load and one receipt only issued.

(g) Where articles not included in the list as "Provisions" under paragraph (b) are to be despatched at the same time as "Provisions" such articles may be loaded by the consignor in the same wagon with "provisions," under the same conditions as to responsibility, and although separately consigned and charged as provided for in paragraph (c), the total weight of such articles may be reckoned together with the weight of "Provisions" for the purpose of securing the minimum load necessary to obtain the exclusive use of a wagon.

(h) Where the total nett weight of a wagon load composed of "Provisions" only, or of "Provisions" and of other goods, is less than 10 tons for which a consignment note in accordance with paragraph (d) has been surrendered the difference between the total nett weight and 10 tons will be charged at Class 2 rate.

(i) In the case of A and K type of wagons the minimum load will be reduced to 8 tons in cases where the wagon has been fully loaded to the satisfaction of the Railway Department. The Railway Department will not, however, undertake to provide any particular class of wagon.

(j) In the case of consignments of 6 tons and up to 10 tons for which the minimum charge as for 10 tons for the exclusive use of a wagon is not guaranteed, the consignor may be required to hand over a detailed consignment note, and in such cases the Railway Department may, if they desire to do so, load other consignments in the same wagon to complete the wagon load.

(k) Should it be found, either upon delivery or at any other time during the transit, that any article of traffic not enumerated herein as "Provisions" and which has not been separately consigned in accordance with this Article, has been loaded in a wagon, such article will be charged up at Class 5 rate plus 50%.

(l) Consignments of less than 6 tons will not be accepted at "Provisions" rate if to be charged up at actual weight.

(m) Shopkeepers' goods loaded at "Provision" rate must be loaded by senders.

(n) A rebate of 10% will be allowed in all consignments the actual weight of which is 15 tons or over.

(o) The maximum time granted for loading a wagon of "Provisions" without incurring demurrage in accordance with article 272 will be:—

From February 1st to July 31st—12 working hours  
From August 1st to January 31st—8 do

(p) From August 1st to January 31st a rebate of 10% of the invoice charges will be allowed to consignees upon all wagons which are unloaded by consignees within 6 working hours of the time the wagons are placed in an accessible siding at destination station.

In reckoning the time for the purpose of claiming rebate, unloading will be allowed up to 7 p.m. or later if the station is open for other purpose.

Application for rebate must be made upon the proper form (which will be supplied by the Station Master) on the day the wagon is unloaded, and the amount due will be paid to consignee within 2 days.

When goods are sent from one Station or Siding to another on behalf of an Estate entitled to the benefit of "provision" rates, if the distance between the Stations is less than that between Central and the receiving Station, while the second class rates are higher than the "provision" rates from Central, then the transport may be charged for at the lower rates.

For guano and other provisions sent from Roche Bois, Albion Dock, or any Siding between Roche Bois and Central to a Station via the Midland Line, 50 cents per ton will be charged in excess of the "Provision" rates between Central and the Station concerned.

In all cases if there is a siding rate it shall be charged in addition to the above rates.

Sugar is rated at 75 kilos per bag, the gross weight of which is not over 78 kilos. Senders are to give special notice if their bags weigh less than 75 kilos, in which case the reduced weight only will be charged for.

*Furniture.*

Whenever a separate wagon is required for the transport of furniture, the following minimum charges will be made:—

For a small four wheeled wagon ...	2 tons

The siding rate of 17 cents per ton from Central Station to Albion Dock Siding for molasses will not be charged during the period from Feb. 1st to August 31st.

Empty casks and tierces to be used for the transport of molasses will be sent free from Central Station and the Albion Dock Siding to Country Stations.

All empty casks remaining at a station after the transport of molasses from that station is completed, will be returned to Central at the rates given in the above table.

From the 1st September in one year to the 31st January in the next year, the molasses for exportation shall be carried at 2nd class rates and the casks at half 3rd class rates.

*Molasses for Distilleries*

During the whole year, molasses for distilleries sending their rum by railway shall be carried at the following rates:—

For the first 10 miles @ Rs. 0.10 cts per ton per mile.

" from 10 to 20 ...	7½ "	"
" " 20 to 30 ...	5½ "	"
" " 30 to 40 ...	3½ "	"
" " 40 to 50 ...	2½ "	"

The actual weight found will be charged for. In case no weighbridge is available 10 tierces shall be considered as weighing 3 tons.

In calculating the distance, the length of the siding shall be included, and fractions of a mile shall be counted as a whole mile, also distances under three (3) miles shall be reckoned as 3 miles.

Empties will be returned free.

A distiller desiring to have molasses conveyed to his distillery must give notice in writing to the Station Master of the station at which they are to be loaded two days beforehand, and notice shall be given to him two days previous to the day the wagons shall be placed at his disposal.

After the wagons are placed at his disposal, he will be allowed a working day for the loading of five wagons, if he exceeds that time he will pay demurrage at the rate of Rs. 2 per 24 hours of detention. As regards unloading at the other end, the same delay will be granted as for loading.

## CLASSIFICATION OF GOODS.—(Continued)

*Molasses for Manure*

Molasses used as manure are assimilated to "Colonial Engrais" when carried by rail and are charged 1st class rates.

Casks returned empty to station where the molasses were loaded are charged 1st class rates.

Siding rates are charged in all cases.

*Ballast*

From February 1st to August 31st the following reduced rates are charged for ballast:—

From Roche Bois	to Central	36 c. per ton.
" Riche Terre and		
Pastourel Siding	"	50 c. "
" Terre Rouge	"	72 c. "
" Pailles	"	36 c. "

*Sugar Canes*

Persons desiring to have canes conveyed by Railway must apply in writing to the General Manager, giving the following particulars at least one week before the transport is to commence:

(a) Number of wagons required daily, or approximate number of tons it is proposed to transport daily.

(b) Station or Siding at which the canes are to be loaded, and Station or Siding at which the canes are to be unloaded.

(c) Period for which the wagons are required (if possible).

(d) Date of commencement of transport.

The following charges per ton of 1,000 kilos are made for transport, the minimum distance charged for being 3 miles:—

- R. 0.15 per ton per mile for the first ten miles.
- " 0.10 per ton per each additional mile after 10 miles, up to 20 miles.
- " 0.06 per ton per each additional mile after 20 miles.

In reply, the General Manager will state the number of wagons which can be supplied if any, and the date on which they will be at the loading station. He will also state by what trains the loaded wagons will be taken to their destination, and by what trains the empties will be called for, allowing for a reasonable delay to be agreed upon with the General Manager for loading and unloading the wagons.

As it is important that there should be no unnecessary delay in the loading, unloading and forwarding of cane wagons, the following detention fees will be charged in case the wagons are not ready to be forwarded by the trains agreed upon—namely:

For 7 ton trucks R. 1.40 per working day or portion of a working day the wagon is delayed.

" 10 ton trucks	" 2.00	" "	" "
" 14 ton trucks	" 2.80	" "	" "
" 17 ton trucks	" 3.50	" "	" "

(Working days mean all days except Sundays and Public Holidays.)

When wagons are loaded with canes at a regular station, the person in charge of the loading shall give notice thereof to the Station Master at least half an hour before the train by which they are to be forwarded is due. The same shall be done as regards empties at the station of discharge.

At Sidings, if possible, such notice must also be given.

Notice must be given to the Station Master when the wagons are no longer required.

The Station Master at any station and the Driver and Guard of the trains at sidings, shall have full power to reject all wagons which they may consider unsafe to travel, through bad loading or excessive loading, and the sender shall have no claim for compensation, if at fault.

If canes are transported to or from private Sidings, in calculating the rates, the distance of the Siding from the station and the length of the Siding shall be taken into account.

If there is a wagon weighbridge belonging to the Railway Department on which the canes can be conveniently weighed *en route*, the weight thus found will be that charged for.

If there is no such wagon weighbridge but there is one on the Estate to which the canes are sent, the canes will be weighed on it, and the weight thus found will be the one charged for; the Railway Department reserving to itself the right of testing such weighbridge at any time and of sending an "employé" to supervise the weighing at any time.

In the event of there being no Railway wagon weighbridge and no Estate wagon weighbridge available then the charge shall be according to the size of the wagon—namely: 7 tons for a E wagon

18	"	F	"

the Railway Department reserving the right of refusing all overloaded wagons as explained in paragraph 7.

The rates enumerated in paragraph 1 apply only to canes forwarded to an Estate sending the whole of its sugar to town by rail. If the Estate to which the canes are consigned sends none or part only of its sugar by rail, then the rates for the conveyance of the canes shall be increased by 50 per cent, but in case wagons are scarce, the General Manager will be at liberty to reserve them for the transport of canes of Estates sending all their sugar by rail.

*Rum*

The rum must be placed in the wagon in presence of a trustworthy agent sent by the Distiller, and Government seals and padlocks shall be placed on them in his presence. The keys sealed up in a parcel in presence of the Distiller's agent must be forwarded direct to the New Rum Warehouse and on arrival there, the proper officer shall open and receive the same. The Railway Department shall not be liable for any deficiency in the quantity of rum as declared, unless it is proved that the seals have been tampered with after the wagon had been closed and sealed in presence of the agent sent by the Distiller (*Vide Government Notice No. 103 of 1872 § 65 and following.*)

*Aloe Leaves*

Aloe leaves are carried at the following rates, the minimum distance charged for to be 3 miles:

- For the first 10 miles at 12 cents per ton per mile.
- " the second 10 miles at 10 cents per ton per mile.
- " the third 10 miles at 8 cents per ton per mile,
- and after 30 miles at 6 cents per ton per mile.

In the event of there being no wagon weighbridge available to weigh the leaves, the charge shall be according to the size of the wagon, i.e.:

For a E wagon	...	6 tons
" L wagon	...	8 "
" R wagon	...	10 "
" X wagon	...	12 "
" F wagon	...	15 "

#### CONDITIONS GOVERNING THE ACCEPTANCE OF DEFERRED TELEGRAMS AT HALF THE ORDINARY TARIFF

Such Telegrams may, at the discretion of the Eastern and South African Telegraph Company or any Telegraph Company or Foreign administration by whom they may be forwarded, be deferred in favour of full rate traffic, but the total period of such deferment by the various Administrations and Companies concerned shall not exceed 24 hours.

Plain language is such as in the opinion of the Telegraph Service, bears an intelligible meaning on the face of it and does not include a succession of numbers, names or words without connected meaning.

The Company may decline to forward any Telegram although it has been received for transmission, but in that case the Company shall, on request, refund to the Sender the amount paid for the transmission and delivery of such Telegram.

If any Telegram shall fail to reach its destination by reason of any neglect or default of the Company or its Servants, which shall have happened whilst the Telegram remained under the Control of the Company, and such failure shall not have been caused by *force majeure*, or by other circumstances which the Company could not reasonably have controlled, then the Company will refund to the Sender of such Telegram the amount paid for its transmission and delivery, less all moneys paid or payable by the Company in respect of such transmission or delivery to any other administration or authority (*whether telegraphic or otherwise, and whether working in connection with the Company or not*) which shall not be exclusively controlled by the Company.

\*Communication temporarily suspended.

†The charges for Telegrams to other places in North America and to Central America and the West Indies can be obtained on

‡Certain Offices only.

[application at the Company's Offices.]

## CONDITIONS GOVERNING THE ACCEPTANCE &amp;c.—(Continued)

The Company shall not be liable to refund any part of the amount paid for the transmission or delivery of a Telegram in any case in which the non-transmission or non-delivery thereof has been caused by *force majeure*, or by other circumstances which the Company could not have controlled, whether there shall or shall not have been neglect or default on the part of the Company or its servants while the Telegram was under his control.

The Company shall not, nor shall any other telegraphic administration or authority, be liable in any case whatever to make any compensation or payment beyond the amount (if any) to be refunded as above mentioned, for any loss, injury or damage arising or resulting from the non-transmission or non-delivery of any Telegram, or for any delay, error, or omission in the transmission or delivery thereof, from whatever cause such non-transmission, non-delivery, delay, error, or omission shall have occurred.

For the purposes of these conditions the control of the Company over each Telegram shall be deemed to have entirely ceased when in the course of the transmission of the telegram to its destination, it shall have been entrusted by the Company, for further transmission by telegraph or by post or otherwise to any administration, or authority not exclusively controlled by the Company, and in case of further transmission by any line, system or service of telegraphs whether the same shall or shall not be worked as part of or in connection with the telegraphic system or service of the Company, and the Company shall have full power to entrust any Telegram for further transmission to any other administration or authority subject to any conditions prescribed by them.

1. The sender of a private telegram in the Extra-European service may obtain the benefit of a reduction of 50 per cent, in the charge on condition that the telegram is written in plain language, as defined hereafter, and that it is not transmitted until after telegrams charged for at the full rate.

## FORM AND HANDING IN

2. *Declaration by Sender.* The Sender must sign, when handing in the telegram, a declaration giving a formal assurance that the text is entirely in plain language and that it does not bear any meaning other than that which appears on the face of it. The declaration must specify the language in which the telegram is written.

3. *Supplementary Instruction.* The sender of a deferred telegram at reduced rate must insert before the address the supplementary instruction L.C. completed as is laid down in paragraph 4. This instruction is counted in the number of words charged for.

4. *Form.* The text of deferred telegrams must be written entirely in plain language and must not contain any figures, commercial marks, groups of letters, or of words without connected meaning, and generally, any telegram which does not in the opinion of the telegraph service bear an intelligible meaning, on the face of it, is not admitted to the benefit of the reduced rate. Registered addresses are accepted if accompanied by a text which makes their nature clear. Numbers must be written in words.

Telegrams without text are not admitted.

Telegrams at reduced rates must be written in French or in one of the languages of the country of origin or destination, specified by the administrations concerned and authorised for international telegraphic correspondence in plain language. According as the language employed is French, a language of the country of origin or a language of the country of destination, the supplementary instruction L.C. is completed and becomes L.C.F., L.C.O. or L.C.D. The use of two or more languages in the same telegram is not allowed.

The wording of the address and the signature of these telegrams are governed by the rules in force for ordinary telegrams.

5. *Counting of words.* The words in the address, in the text, and in the signature are counted according to the rules in force for ordinary telegrams.

## RATES AND CHARGES

\*6. *Régime.* Deferred telegrams at reduced rates are admitted in the service between countries in the European Régime and countries in the Extra-European Régime (including Senegal). As regards the service between countries in the Extra-European Régime (including

Senegal,) except by special arrangement to the contrary, deferred telegrams are only admitted if the charge for ordinary telegrams is not less than 1 Franc per word.

7. *Application of full ordinary rate to irregular telegrams.* The Telegraph Administrations reserve the right to refuse at the reduced rate any telegram which in their opinion is not in accordance with the foregoing conditions.

When the delivery office observes that a telegram bearing one of the supplementary instructions L.C.F. or L.C.D. does not comply with these conditions the telegram is treated in the same way as one containing irregular combinations.

8. *Order of transmission.* Deferred telegrams are only transmitted after non-urgent private telegrams and press telegrams. \*\*Those which have not reached their destination within a period of 24 hours from the time of handing in are transmitted in turn with telegrams charged for at the full rate.

9. *Delivery.* Telegrams at reduced rates are delivered in turn with telegrams at full rate.

10. *Special services.* Telegrams at reduced rate may bear any of the supplementary instructions except that relating to urgency. The rates applicable to the various special services desired by the sender of a deferred telegram (paid service telegrams, conditions of delivery, R.P.T.C.) are the same as in the case of ordinary telegrams. The corresponding supplementary instructions are charged for at the reduced rate. Telegraph money orders and maritime telegrams are not admitted at the reduced rate.

11. *General Conditions.* Telegrams at reduced rates are subjects to all the conditions of the international regulations which do not conflict with the foregoing conditions.

12. *Reimbursement:* The period for reimbursement on account of delay in the case of a deferred telegram is in every case fixed at three times 24 hours.

## ESTABLISHMENTS DETAILED

1922

*Shewing the Establishments of the several Departments on the  
31st December 1922*

Section M (List of Officers furnishing securities) of previous editions has been incorporated  
with section L in the present issue

The heading of Column 6 of this Return has been shortened for convenience of printing. At full length it is given as follows in the form supplied by the Secretary of State.

"Whether the Office be held by Principal in conjunction with any, and what other Civil, Military or Naval Office or Appointment or Place of Profit, in any Colony, or on the Establishment of the United Kingdom."

"If the Office be held by a Military or Naval Officer, state whether upon the Active or the Retired List, and give the total Amount of Pay and Allowance or of Pension of every kind actually received by him in addition to the Profits of his Office."

"Whether the Principal enjoys any, and what other Advantage or Profit not required to be stated in the preceding columns."

The Salary in all cases is paid from the General Revenue of the Colony, except as regards the Magistrates for the Lesser Dependencies whose salaries and travelling expenses are met out of a sum of Rs. 12,000 paid by the proprietors or lessees of the said Islands, under "The Lesser Dependencies Ordinance, 1904."

## IMPORTS AND EXPORTS

1922

## REMARKS

- I. The value of Imports is given *as they lie in the Port of Entry (C.I.F.)* including Freight and Insurance, but excluding landing charges. In the case of goods consigned for sale, the latest sale value of such goods is given.
- II. The value of Exports is given as follows :—
- (a) For the principal local produce viz. : Sugar, molasses, rum, aloe-fibre, coconut oil and vanilla (which represent nearly the Total Export Trade) the value given is in accordance with the Secretary of State's Circular of 19th November 1920—The value in the Port of Shipment (free on board), all charges paid by the Exporters viz. :—Brokerage, Export Duty, Repacking, Cartage and Lighterage—which are styled "Shipping Charges," being added to the market value to form the Cost Price of the Goods on Shipment.
- (b) For other local produce, as well as for all Foreign Produce exported, these charges have been ignored, and the Market Value only is given.
- III. The quantities and values (except for sugar exported) are correct according to the declaration on their Bills of Entry of the Custom-House Brokers.
- IV. The value of goods entered for transhipment cannot be stated.
- V. The Exchange has been calculated at Rs. 15 to the £.

Nil	Nil	...	...	384,047	Nil	73,619	460,800 acres (1902-03)

Remarks.—The conditions during which the land passed under private ownership were mainly by concessions under the French "régime."

The process of parcelling out large estates has been so extensively carried out that it is impossible, at present, to estimate the number of holdings from 0 to 100 acres, as many thousands of such holdings consist only in plots from  $\frac{1}{8}$  to  $\frac{1}{4}$  acre in extent.

Kind of Fish	Quantity	Landed Value	No. of boats engaged in fishing	Large quantities of fish occur on the shoals of Saya de Malha, a few hundred miles North of the Island. It is possible that the fisheries of the Colony are capable of considerable development. The question of the expert investigation of the marine resources of the Colony is receiving the attention of Government.
Sea Fish : approximately 50 varieties.	1,200 tons	Rs. 500,000	300	
			No. of persons engaged in fishing : 1,000	
			Besides about 1,000 professional fishermen there is a large number of occasional or amateur fishermen in all classes of the community.	

4.—MINERALS.

(A) Quantity and Value of each class of mineral mined or quarried during the year.

(B) State area which has been geologically surveyed. Note any important mineral deposit known to exist, but not at present worked.

No official geological survey has been made in this Colony. The island is volcanic in origin, the prevailing rocks being of the basaltic type. Iron ore exists in small quantity in certain localities and smelting was carried on a small scale during the French occupation. Building stone is obtainable all over the Colony.

In addition to the above there are a number of less important industries viz. : ice making, vinegar making, pottery, aerated water, leather tanning, cigar making, shoe and boot making, bricks, biscuits, jams &c.

7.—SUMMARY OF INDUSTRIAL DEVELOPMENT

The weather conditions during the year were somewhat below normal. The total output of sugar for the year 1922, was approximately 227,600 English tons or about 6% below normal.

Labour difficulties were generally less acute and the various harvesting and milling operations were carried on under better conditions than was at first anticipated.

The low quotations for sugar associated with high cost of labour have led to a marked shrinkage in the area under cane. It is estimated the diminution in this respect approximated to about 6,000 acres.

Considerable attention continued to be paid to mechanical cultivation and a number of farm tractors of various types were introduced into the Colony but, up to the present, the type meeting with the greatest favour is the Cletrac of which about 40 are at present at work in the Island.

The cost of production of sugar although markedly decreased still remains dangerously high. In spite of a better market during 1922 than during 1921, the profits left by a number of local factories for the last campaign were very small. In 1921 the sugar crop was disposed of about 12.05 rupees per 50 kilos, the corresponding figure for 1922 approximates to Rs. 14.70.

The incidence of pests and diseases of the sugar cane has not been marked during the year. In relation to animal diseases an outbreak of surra occurred, and the effects of this are still in evidence. The occurrence of East Coast Fever was recorded in cattle introduced from South Africa. Energetic measures immediately employed stamped out the epidemic.

Owing to unfavourable weather at planting time little was done in the way of the more important subsidiary crops, viz, maize, manioc and vegetables. The fibre market collapsed about the middle of the year, thereby leading to the closing down of a number of the smaller aloe factories. Cultivation of tobacco is meeting with increased favour and, by the end of the year, there were 115 acres under cultivation, representing an increase of 100% over corresponding figures last year.

Co-operative Credit Societies made steady progress. One new Society was registered during the year. The total membership on June 30th, amounted to 3,641 while the total capital to their credit amounted to Rs. 494,896 as against Rs. 445,792 last year.

The scheme for a Mauritius College of Agriculture took definite shape during the year and it is anticipated that teaching work will begin in August 1923 in temporary quarters. Work on the College building was commenced in February 1923.

NOTE.—Lands are granted by Government by leases and by sales. Lands which are situated on the sea coast beyond the limits of Port Louis known as Pas Géométriques cannot be sold and can only be leased by Public Auction except those forming part of villages which have been proclaimed as such. The sales are invariably made by Public Auction. There is, however, an exception to this rule in cases where lands are desired for charitable, religious or educational purposes or for public utility.

**RESULTS OF THE MAGNETICAL AND METEOROLOGICAL OBSERVATIONS**  
**Taken at the Royal Alfred Observatory Mauritius, Latitude 20° 5' 39" S ;**  
**Longitude 3<sup>h</sup> 50' 12" 6 E.**

*(Standard time 4 h. fast on Greenwich)*

The Observatory is about 3 miles from the west coast of the Island and stands on a plain which is about 179 English feet above mean sea level. It is about 5 miles by rail from Port Louis.

The institution is fully equipped as a first class Meteorological and Seismological station.

As an Astronomical station, it possesses a 6 inch equatorial, a photoheliograph, 3 transit telescopes and several minor instruments.

The mean values of the Magnetic elements at the Observatory for the year 1922 were as follows :

Declination	...	...	...	...	...	West	....	10°. 39'.42
Dip	...	...	...	...	...	South	...	52 . 36'.43

Daily Observations of rainfall were received from about 150 stations in the Colony. The annual rainfall (mean of 45 stations) for the Island was 2176.74 mm. (85.714 in.) compared with an average of 1788.13 mm. (70.415 in.)

The monthly and yearly Means and Extremes of the Meteorological Elements for the year 1922 are given in the table on next page.
